CERTIFIED OFFICIALS

The Association rules require the use of certified officials, keep your game protected by complying with this rule. It is quite possible to have a game forfeited where the officials are not certified.

Football officials that were certified last year may again be certified if they will register with this office immediately. Those wishing to officiate, but are not certified, may take the examination upon application to this office.

Letters have been mailed to all of last year's officials. Capable men can become certified; demand that they do and use only those men who are willing to keep up with the game and are certified.

RULE BOOKS

Rule and Play Situation books are now available for twenty-five cents a copy, you may obtain them from our office. Member schools will receive a copy.

TRACK MEET

Tentative dates of May 14-15 have been suggested for the High School Track Meet, which is sponsored by the University of Oregon.
